Internet access at the London meeting

Demon Internet Services Ltd, the UK's largest internet service provider, have agreed to provide 20 free dialup accounts for the duration of the London meeting. Demon have over 100,000 customers in the UK, providing full internet access for 10 UKL per month with local-rate call access throughout the UK.

The service provided for committee members will be SLIP or PPP dialup at 33.6K - there is no shell account.

If you will be attending the London meeting and would like to be allocated one of the 20 accounts that will be available, please email me <sean@ocsltd.com> as soon as possible. I will provide details of the login script at the meeting or in email beforehand on request.
